

EXPECT SHOWDOWN ON PACT THURSDAY

Compromise Negotiations are Given a New 48-Hour Lease on Life

MANY CONFERENCES HELD TUESDAY

WASHINGTON, Jan. 27.—Peace treaty compromise negotiations hovering on the verge of dissolution, were given today a new 48-hour lease on life. But there was nothing in the development which changed the pessimistic view of the senate leaders as to the final outcome.

The Democrats, replying to the Republican refusal to compromise on Article Ten and the Monroe Doctrine, charged at a stormy session of the bi-partisan compromise conference that Republican leaders had suddenly changed front after most of the conference had consented to an Article Ten compromise in definite form. To this the Republicans opposed a categorical denial, declaring no one at all had agreed to the proposed compromise draft.

After two hours of wrangling, during which the Democrats threatened to transfer the whole subject to the open senate, the conference agreed to meet again Thursday in another effort to bring the negotiations to a successful conclusion.

Numerous private conferences on both sides followed, with the leaders feeling out sentiment carefully as they approached the final showdown that may come at Thursday's meeting. In some quarters it was believed President Wilson might take a hand to stiffen the resistance of the Democrats, but Senator Hitchcock of Nebraska, acting Democratic leader declared he was proceeding without knowledge of the president's views on the specific compromise reservations discussed in the conference.

A plea for immediate ratification either with or without reservations was presented to Senators Wadsworth and Calder, of New York, today by a delegation from New York City headed by William Church O'Donnell and representing the League to Enforce Peace, the League of Nations Association, the New York Federation of Churches, farm organizations, the State Chamber of Commerce of New York and Daughters of the American Revolution. Speakers for the delegation expressed the belief that the time was ripe for composition of differences over the treaty.

The whole treaty negotiations, it was said by senate leaders were hung up on Article Ten and the Monroe Doctrine, tentative agreement having been reached on all other points of difference.

Differences over the Monroe Doctrine reservation were said to be minor in magnitude compared to the big stumbling block presented by the obligation of Article Ten to help preserve the territorial integrity and political independence of other members of the league of nations.

The Republicans insist that no such obligation should be assumed; the Democrats are standing out for an obligation conditional on the action of congress in each specific case. After today's meeting, Senator Hitchcock made public the reply he gave the Republican ultimatum yesterday, refusing to compromise on Article Ten or the Monroe Doctrine. The reply declared the majority of the conference previously had assented to a compromise draft of the United States would decline to assume any obligation "to employ its military or naval forces for the economic boycott" under Article Ten, unless congress acted. Under the Republican reservation the United States simply would assume no obligation, in regard to the other countries without congressional action.

Later two of the Republican conferees, Senators Kellogg of Minnesota and Leavitt of Wisconsin issued a joint statement denying that anyone had agreed to the reservation quoted and to the declaration Senators Lodge of Massachusetts, and New of Indiana, the other two Republicans on the bi-partisan conference gave their assent.

HIGHER FOOD PRICES FOR PRESENT YEAR

CLEVELAND, O., Jan. 27.—Higher food prices for 1920 were predicted today by delegates to the joint convention of the National Canners Association, the Canning Machinery and Supplies Association, and the National Canned Food and Fruit Brokers Association. Lack of production inflated currency and riotous extravagance of the new rich were blamed for the high cost of living.

DRY GOODS PRICES SOAR

Chicago, Ill., Jan. 27.—Dry goods prices are on the upgrade, and will continue for some time, according to delegates attending the convention of the United Mercantile Stores.

"Labor engaged in the production of textiles is getting 20 percent more wages and is producing less," said A. H. Bowman of St. Louis.

LEADERS DIVIDE ON MILITARY TRAINING

Variance Between Republicans in Both Branches of Congress on Enactment of Legislation Comes Out in Open

Washington, Jan. 27.—Variance between Republican leaders of the senate and house on enactment of universal military training legislation today came out in the open. Closely following incorporation yesterday of a universal training provision in the army re-organization bill by the senate military committee, Representative Mondell of Wyoming, Republican leader in the house, declared in an address today that leaders of the party responsible for inauguration of such legislation would be cast into political oblivion.

The government, Representative Mondell told the house, would be compelled to spend one billion dollars and to raise the money by a bond issue to put the universal training plan into operation.

Senator Wadsworth of New York, chairman of the military committee, resented the estimated adoption of the training plan would enable such a reduction in the regular army establishment as to cut the present annual expenditure of \$1,100,000,000 to approximately \$500,000,000.

Representative Mondell estimated that 50,000 additional officers would be required under universal training and that \$300,000,000 would be required to put camps and cantonments into condition and \$60,000,000 would be needed to maintain them. Clothing and equipment for each youth would further increase the cost he said.

The universal training controversy also was brought to the surface during the day by declaration of Representative Harold, Republican, Oklahoma, elected recently on a platform opposing the principle of one of the most important subjects with which it has been charged under the constitution of the permanent court of international justice. It is learned that the launching of the permanent court of international justice has been decided upon after great hesitation, because this was one of the features of the peace program in which the United States had taken a leading part. The project as one of the best means of preventing wars by respect to judicial processes. It was to have been considered at the first meeting of the council, but was postponed in order to afford opportunity for the senate to act on the peace treaty and for this nation to be in position to participate in the organization of the court.

DEPORTED RADICALS REACH PETROGRAD

Washington, Jan. 27.—The 249 radicals recently deported to Russia have reached Petrograd and are quartered at Smolny Institute according to a cablegram from Emma Goldman and Alexander Berkman, leaders of the deported party to "a friend" in New York. The message was made public here tonight by Ludwig C. A. K. Martens, Soviet "ambassador."

The message as made public by Martens said:

"We were met at the soviet border and at Petrograd with tremendous enthusiasm. Our reception was inspiring. Enjoying the hospitality of Petrograd, the deportees are quartered at Smolny Institute. They will be sent to work whenever they desire. The people here are cold and hungry but their spirit and devotion are marvelous. After two weeks we will go to Moscow."

REFUSES TO ACCOMPANY CHICAGO DELEGATION

Chicago, Jan. 27.—Mayor William Hale Thompson today refused to accompany a delegation which left tonight for Springfield to importune the constitutional convention for home rule for Chicago.

In a letter to Alderman John H. Lyle who led the delegation the mayor said that delegates had informed him that the convention would not be fully organized. He added that he had "other matters of great importance to the people of Chicago" which he intended to urge on the convention at a later date.

STEAMER NEFF SIGHTED

Chicago, January 27.—The Steamer Alabama tonight was attempting to break the ice floes surrounding the Sidney O. Neff sighted today about nine miles northeast of Evanston. The Neff has been ice bound more than a week and early yesterday drifted out of sight of land. The fate of seven men who left Sunday for the Neff ever ice was still uncertain tonight.

DELAY OPENING OF NEWBERRY TRIAL

Snowbound Trains Prevent Arrival of Several of the Defendants Tuesday

DEFENSE ATTORNEYS ARE OPTIMISTIC

GRAND RAPIDS, Mich., Jan. 27.—Whether Truman H. Newberry, United States senator and his 123 co-defendants are to face tomorrow the first prospective jurors in their trial on charges of election fraud and conspiracy, depending on the weather, will be determined by the Michigan Republican leaders.

At the morning session thirteen defendants failed to answer morning roll call. By the time the afternoon session opened the list had been reduced by half and by nightfall it had dwindled to five. Three of these men had notified the court that they were enroute, but no word came from them.

The list of missing talesmen early this evening had been reduced to about fifteen.

Tonight the list of absentees consisted of Willis V. Capron, Frankfort, Mich.; Frank Guinan, Manistiquette and Ernest C. Smith, Kalkaska, all of whom had sent telegrams that their trains had been blocked by snow.

Attorneys for the defense were worried over the enforced adjournment but the government's legal experts chafed at the delay.

"We are marking time involuntarily," was the way W. H. Etchorn, of Bluffton, Ind., expressed it and his feeling was echoed by Frank C. Dailey, prosecutor in chief.

The defense attorneys, led by Martin W. Littleton and George C. Nichols, saw in the delay the possibility of their associate, James O. Murfin, reaching here from his sick bed in Detroit before any vital important stage of the prosecution and physician indicated proceedings is reached. Word from improvement in his condition but Mr. Littleton informed the court that he still reserved the right to move for a few days postponement of the trial in case there is no decided change for the better by tomorrow.

Judge Clarence W. Sessions has already indicated his unwillingness to halt proceedings on this ground.

DEATHS ESTABLISH NEW HIGH MARK

181 Die in Chicago Yesterday From Influenza—New Cases Show Decrease.

Chicago, Jan. 27.—Deaths from influenza and pneumonia today established a new high mark for the disease this winter, but new cases reported to the health department showed a decrease from yesterday's total.

Deaths from influenza for the last twenty-four hours numbered ninety an increase of ten while pneumonia caused ninety one deaths an increase of eleven.

There were 1,378 cases of influenza reported today a decrease of 238 from Monday and pneumonia cases totaled 350 a decrease of 107.

The fatalities of the present epidemic are mostly due to relapses after an apparent recovery. Assistant Health Commissioner Koehler said today. He declared that none of the deaths reported had resulted after patients had been vaccinated against pneumonia.

1,000 New Cases In New York.

New York, Jan. 27.—Dr. Royal S. Copeland, city health commissioner tonight predicted that there would be more than 4,000 influenza cases reported in New York tomorrow, but that the present low death rate would be maintained. Fifty seven deaths and 3,663 new cases of influenza were reported today.

STRIKE OF KANSAS MINERS ENDS

PITTSBURGH, Kans., Jan. 27.—The strike here of about 450 coal miners called supposed to protest against the industrial court law passed last week by the legislature, came to an end today and mid-afternoon found virtually all of the men back at work.

Attorney General Richard J. Hopkins, who came to Pittsburgh to ascertain whether the new law had been violated thru the strike, announced that questioning of citizens had failed to disclose that the men had struck thru conspiracy.

WILL MARRY RUSSIAN PRINCESS

New York, Jan. 27.—The marriage of Norman Whitehouse, son of Mrs. Fitzhugh Whitehouse, of New York, R. L., to Princess Tamara Bagration Mouchkarsky of Russia was announced here today.

Last February Mr. Whitehouse was sent on a mission to the Caucasus by the American Peace delegation. On December 28 he was married at Tiflis. Mr. and Mrs. Whitehouse are now in Paris.

FLETCHER QUILTS POST AS AMBASSADOR TO MEXICO

WASHINGTON, Jan. 27.—Henry P. Fletcher has resigned as United States ambassador to Mexico to take effect in the course of the next few weeks.

Those who know the reason for Mr. Fletcher's decision say he was convinced that a continuation of the efforts he has made during the four years in which he has held this important post to bring the Carranza government into accord with the United States government on the many irritating issues which have arisen, involving the protection of American lives and property rights would be futile. He terminates 18 years of service in the diplomatic branch of the government with regret and without any particular plans for his own future but feels certain he can no longer be helpful in cultivating proper relations with Mexico as long as President Carranza remains in control there. The ambassador's activity in the presentation of the American demands have made it certain that he could not return to his post with benefit to either government.

Mr. Fletcher's resignation was not hastily determined upon and in fact last summer he sought to terminate his relations with the state department. But owing to the state of public business and the illness of some of the higher officials of the department he was induced to remain in Washington to act as adviser to the secretary in matters relating not only to Mexico but to all Latin-America for which work he was peculiarly fitted by reason of his long experience in that part of the world. State department officials tonight did not offer any confirmation of the reported resignation and Mr. Fletcher, himself, is absent from Washington.

Mr. Fletcher was appointed ambassador to Mexico, in February, 1916, but did not go to Mexico City until the February of the following year, having come to the United States from Chile where he was the American ambassador for a long series of conferences.

The relations between the United States and Mexico were quite critical at the time Mr. Fletcher reached Mexico City owing to the border raids and to German intrigue in the Southern republic. As a result the ambassador was from the first was confronted by a number of serious problems. Little more than two months after his arrival he was hissed in the Mexican chamber of deputies when he attended the opening session.

Ambassador Fletcher returned from Mexico a year ago and the affairs of the embassy there since that time have been conducted by George T. Summerlin, as charge d'affaires.

COAL COMMISSION NOT RECEIVING PROPER TREATMENT

Miners and Operators Present Conflicting Conclusions on Wage Subject

WASHINGTON, Jan. 27.—Coal miners and coal mine operators presented conflicting conclusions on the subject of wages in the industry today in the resumption of hearings today by the coal strike settlement commission. Don Rose of Pittsburgh, spokesman for operators in the Preoprest field asserted that the 14 per cent increase already granted gave the miners a potential earning power greater than that of any other class of American labor. Demands for more pay for expert mines and mine lights and abolition of duties in connection with moving loaded coal cars and excavating working spaces underground were characterized by Mr. Rose as attempts to get further advances by indirect methods.

Presenting statistics, Van H. Bittner, statistician for the United Mine Workers of America told the commission that in present purchasing power the pay of miners was 35 to 40 per cent lower than previous standards and insufficient to maintain the standard of living.

During the discussion Rose suggested that the thirty hour work week "un-American" thereby arousing the ire of John L. Lewis, acting president of the United Mine Workers.

"I do not intend to remain quiet while this challenge of our Americanism is repeated by operators' counsel," Mr. Lewis declared, addressing the commission. "The mine workers yield to one one in their allegiance to American institutions, government and flag."

Summarizing figures prepared for the war labor board, Bittner said that a family income today sufficient to meet bare cost of living should be \$2,243. The figures on the operators' profits, he asserted demonstrated that wages could be advanced without increasing coal prices.

PROCESS OF SECURING A JURY SLOW

MONTESANO, Wash., Jan. 27.—Examination of talesmen in the case of eleven alleged I. W. W. charged with the armistice day murders continued here today. Only one temporary juror, John C. Connor, remained in the jury box late today.

George F. Vandever, counsel for the defense made another motion for a change of venue today, asserting the difficulty of finding jurors was evidenced in support of his contention that an impartial trial could not be given the accused men in this county. The motion was denied.

WYOMING RATIFIES WOMAN'S SUFFRAGE

Cheyenne, Wyo., Jan. 27.—The women of the Wyoming legislature today completed ratification of the federal constitution when the house passed the bill, 44 to 0.

The senate acted yesterday.

SUGAR BEET GROWERS DEMAND MORE MONEY

Denver, Colo., Jan. 27.—Sugar beet growers, members of the National Sugar Beet Growers' Association in convention here, today voted to demand more money for their product. A sliding scale based on the seaboard price of refined sugar, was adopted.

BIG FIRE AT BELLEVILLE

Belleville, Ill., Jan. 27.—Fire, which started in the paint shop of the Remmert Manufacturing Company here tonight destroyed the plant and spread to the Roesch-Kohl Enameling Works, an adjoining building and destroyed it. The total loss was estimated at \$150,000.

COMPENSATION TO YEARS OLD

Washington, Jan. 27.—Samuel Gompers, president of the American Federation of Labor was seventy years old today. He spent most of the day at his office, after January 16.

MORE CHANGES IN WILSON CABINET

Houston Transferred to the Treasury—Succeeded by Edwin L. Mederith

THIRD CHANGE EXPECTED SOON

WASHINGTON, Jan. 27.—Two more changes in President Wilson's cabinet were made today and a third is expected in the near future. David Franklin Houston, of St. Louis, Mo., who has been secretary of agriculture since the beginning of the Wilson administration, was given the treasury portfolio and Edwin L. Mederith, of Des Moines, Iowa, was named to succeed him as head of the department of agriculture.

The third cabinet change expected soon is the appointment of a secretary of interior to succeed Franklin K. Lane, who desires to retire to private life. Mr. Lane's successor has not yet been selected.

In selecting Mr. Houston to succeed Mr. Glass as secretary of the treasury the president ran counter to all guesses of administration officials most of whom had expected Assistant Secretary Leffingwell to be given the office.

In choosing Mr. Mederith to succeed Mr. Houston, the president selected a practical farmer as well as business man. Mr. Mederith is the editor of Successful Farming and before establishing that paper was publisher of the Farmers' Tribune. He is president of the Associated Advertising Clubs of the World, a director of the Chicago Federal Reserve Bank and was one of the excess profits advisers of the treasury department in 1917.

Mr. Glass will take his seat in the senate to fill the unexpired term of the late Senator Martin of Virginia, after serving as secretary of the treasury for a little more than a year.

When Secretary Lane passes out of the cabinet only four of the president's original official family will remain. Besides Mr. Houston they are Secretary Daniels of the navy department; Secretary Wilson of the Labor Department and Postmaster General Burleson.

Mr. Wilson has had two secretaries of state—William J. Bryan and Robert Lansing; two secretaries of war—Lindley M. Garrison and Newton D. Baker; three attorneys general—James Clark McReynolds, now an associate justice of the supreme court; Thomas Watt Gregory, and A. Mitchell Palmer; two secretaries of commerce—William C. Redfield and Joshua W. Alexander and three secretaries of the treasury—William G. McAdoo, Carter Glass and David F. Houston.

TAKE X-RAY OF ERZBERGER'S WOUND

Find Bullet Lodged in Shoulder Blade—Condition is Reported Not Serious by Attending Physician.

Berlin, Jan. 27.—An X-Ray examination of the wound suffered by Mathias Erzberger, vice-premier and minister of finance, who was shot yesterday by Owing von Hirschfeld, was leaving the criminal court's building, shows that the bullet splintered part of Herr Erzberger's shoulder blade, where it is firmly lodged. The wound is extremely painful with much bleeding.

Herr Erzberger has no fever but is very weak.

Professor Flesch, who is attending Erzberger, has informed Germania that he does not think that the removal of the bullet from the patient's shoulder advisable at present. The wounded man's condition demanded the greatest care for the next few days he said, even if there was no immediate danger.

Hirschfeld, in the course of his examination today expressed the opinion that Germany would be freed of Erzberger. He attended the Erzberger-Hefferich trial he declared, to get a clear view of Erzberger's activities and convinced himself that Erzberger was pursuing selfish aims in placing the interests of the empire in second place. Therefore, he decided to carry out a long considered plan of making the minister "harmless."

The prisoner denied he intended to kill Erzberger and declared that he intentionally had aimed at the minister's breast instead of his head. The Erzberger-Hefferich trial has been adjourned until next Friday.

The president of the court announced that in the future a strict scrutiny will be made of all persons attending the trial and that all visitors to the court room will be searched for arms.

WETS LOSE AGAIN

San Francisco, Cal., Jan. 27.—California wine interests late today lost the first skirmish in their legal fight against the eighteenth amendment amendment when Judge Frank H. Rudkin of the United States district court denied a petition for a writ of habeas corpus in the case of J. J. Dillon, a truck driver, arrested while transporting liquor here after January 16.

TRIAL OF SOCIALISTS AGAIN UNDER WAY

Counsel for Assembly Judiciary Committee Hope to Prove Them Unfit to Serve Because They Took Oaths With 'Mental Reservations'

ALBANY, Jan. 27.—Tactics adopted today by the assembly Judiciary committee in the trial of the five suspected Socialist assemblymen charged with disloyalty served to substantiate the report that counsel for the assembly judiciary committee will seek to prove the Socialist unfit to serve because they took oaths of office with "mental reservations."

Without comment and simply by introduction of evidence in logical sequence John J. Stanchfield, committee counsel drove in to the record the following:

That although the five assemblymen, by a clause in their party constitution faced expulsion if they voted appropriations for military or naval purposes, they nevertheless had sworn to uphold the constitution of this state, which places upon the legislature the duty of providing funds for maintenance of militia.

This evidence was sandwiched between readings of a radical document which asserted that "Socialists seek to enter into the government to be near the doors of the chambers when dictatorship sits and to hinder the dictatorial work in any way possible," and the manifesto adopted by the Socialists at their national convention in Chicago last year and termed by the prosecution a pledge of support to Lenin and Trotsky.

Committee counsel which has charged that American Socialists were agents of "an invisible empire projecting itself as a revolutionary force into other countries," then introduced speeches made at a celebration in New York of the second anniversary of the Russian revolution and a letter purporting to have been written by the Socialist organizer in the eighth assembly district in New York pledging support to L. C. A. K. Martens, self-styled Russian soviet "ambassador" to the United States and approving establishment in America of the soviet form of government. This district is represented by assemblyman, Louis Waldeman, a defendant in the case. The letter, one of whose speeches in defense of soviet Russia also was introduced.

Only two witnesses took the stand today—Willard B. Bottomo, of Yonkers, a short hand reporter and Michael J. Driscoll, of New York, a special agent for the joint legislative committee investigating "radicals." These witnesses were recalled. All six were used by the prosecution to produce documentary evidence; none was subjected to lengthy examination.

ATTEMPT TO PRODUCE A QUORUM FAILS

WASHINGTON, Jan. 27.—After five calls had failed to produce a quorum the senate adjourned today in the midst of discussion of the bill reported by the military affairs committee providing for an appropriation of approximately \$59,500,000 for increased pay for officers and men or army, navy, marine corps, coast guard and public health services. Consideration of the measure will be resumed tomorrow.

In presenting the bill Senator Wadsworth, Republican, New York, chairman of the military committee, said that the wives of army officers are actually selling their household linen and other articles to obtain money enough to make both ends meet and neither commissioned, or non-commissioned officers can maintain their families decently on present rates of pay.

The bill provides for increases of approximately thirty-one per cent in the pay of officers and 20 per cent in the pay of enlisted men and privates in the army and apprentice seamen in the navy.

NO CONTRACTORS TO BUILD ROADS

SPRINGFIELD, Ill., Jan. 27.—The shortage of contractors for road improvements is expected to be one of the principal topics of discussion at the ninth annual meeting of the Illinois Highway Improvement Association here this afternoon.

Methods for carrying out the state highway department's program for road construction in 1920 will be discussed. Among those on the program for addresses are Governor Frank O. Lowden, W. G. Edens, president of the association; Frank T. Bennett, director of the department of public works and buildings; R. H. Aishton, regional director of the United States Railroad Administration; S. E. Bradt, state superintendent of highways, and Thomas G. Vennus, assistant director of the department of public works and buildings.

START INVESTIGATION

Chicago, Jan. 27.—An investigation to determine whether Chicago warehouses and cold storage companies are charging excessive rates was opened today by the public utilities commission. Representatives of seventy seven storage companies who appeared before the commission were given three weeks to fill out a questionnaire on operating costs and income.

\$75,000 FIRE AT MALDEN, MO

Malden, Mo., Jan. 27.—Fire, believed to have been caused by safe blowers, today did damage estimated at \$75,000 to the Levy Mercantile company here. Company officials asserted burglars blew two safes in the store shortly before the fire started.

BASIC CONVENTION CHAIRMEN NAMED

Heads of Twenty Four of the Twenty Five Committees Given Out by Woodward

THREE CHAIRMEN ARE DEMOCRATS

SPRINGFIELD, Ill., Jan. 27.—Chairmen of twenty four of the twenty five committees of the Illinois constitutional convention were announced tonight by President Charles E. Woodward. The committee on submission and address will be selected later in the session of the convention. The complete membership of the twenty four committees will be announced when the convention convenes at 10 a. m. tomorrow, President Woodward said.

The chairmanships announced tonight follow:

Agriculture—Henry R. Dunlap, Savoy.

Bill of Rights—Thomas Rinaker, Carlinville.

Chicago and Cook County—Morton D. Hull, Chicago.

Cooperative and Cooperative associations—Edgar E. Fyke, Centralia.

County and Township Organization—Arthur M. Smith, Stockton.

Distinction between constitutional and legislative subjects—Cyrus E. Dietz, Moline.

Education—Rodney H. Brandon, Springfield.

Executive department—William E. Trautman, East St. Louis.

Future amendments—Joseph W. Fifer, Bloomington.

Industrial Affairs and Labor—William J. Sneed, Herrin.

Initiative, Referendum and Recall—F. R. Dove, Shelbyville.

Judicial Department—Frederic R. DeYoung, Havana.

Legislative Department—Edward C. Curtis, Grant Park.

Military Affairs—William H. Beckman, Chicago.

Miscellaneous Subjects—James O'Brien, Chicago.

Municipal Government—Bruce H. Garrett, Rockford.

Schedule—George A. Dupp, Chicago.

Suffrage—William H. Cruden, Chicago.

Expenditures and Supplies—Walter H. Wilson, Chicago.

Rules and Procedure—Charles E. Woodward, Ottawa.

Three of the chairmen are Democrats and the remainder are Republicans. The Democrats are Fyke of the Corporations and Co-operative associations' committee; Dove on the Initiative, Referendum and Recall and O'Brien on Miscellaneous subjects.

The favorite committee is that of revenue taxation and finance of which Delegate Gale was made chairman.

With the appointment of committees tomorrow the convention will be ready to begin actual work. Little has been accomplished so far except organization of the body. Forty proposals for changes in the constitution have been introduced and consideration of these by committees will begin soon.

MISSING SEAPLANE DRIFTS ASHORE

MIAMI, Fla., Jan. 27.—The navy seaplane which was many hours overdue on a flight between the Bahamas Islands and Palm Beach, Fla., and for which a general search had been ordered by the navy department had drifted ashore with all members aboard safe, near the small town of Vero, North of Miami, said a telephone message here tonight.

Those aboard the seaplane the message said, were Rodman Wainmaker, of Philadelphia; Gurney Mann of Washington; Phil Boyer and David H. McCullough.

ANTI-SEDITION MEASURES SETBACK

Washington, Jan. 27.—Anti-sedition measures were given a further setback today by refusal of the house rules committee to legislative preference for their consideration. No further hearings will be held and the judiciary committee expected to report a new measure incorporating the features of the Dewey bill which has been suggested as ample by the department of justice.

If the people of the country are as strongly in favor of military training as the senate committee on military affairs, there will be no question about approval of the proposed law. The committee approved the plan by a five to ten vote.

WILL SEARCH FOR A NAME

The city council at the suggestion of the mayor will select a very representative committee to decide upon the name for the city's new lake. The people will certainly approve the selection made by any such representative organization. There seems to be the common belief that the lake should not bear the name of any individual but rather a name if possible giving some intimation

of the united effort of the citizens of Jacksonville which made the enterprise possible.

Senator LaFollette, according to a newspaper headline, has gone to the Mayo hospital for treatment to his mouth. The first suggestion is that the ailment may be the result of one of the Wisconsin senator's filibusters, but a second reading proves that it is a case of diseased teeth and so cannot be properly attributed to his well known liking for continued oratory.

Pride is dissolved by the vision of wealth just as much as it "goeth before a fall." Mrs. Theodore Shonts has brought another suit against Mrs. Amanda Thomas friend of her late husband. A million or so dollars' worth of property is involved in the proceeding and evidently Mrs. Shonts desires to have the title even if some unpleasant family history is brought into the limelight.

DEMAND FOR CONTRACTORS INCREASES

Mention was made recently of the opportunity that is offered for the organization of a contracting company. Now state officials are sending out the notice that the road building program promised for the state this year cannot be realized because of a lack of competent contracting firms. It is true there is a shortage of materials but the shortage of contractors is still more acute.

Certainly there are enough ex-

perienced men in this community for the forming and equipping of such a company.

The demand for Jacksonville real estate indicates a shortage of houses, but there is even a stronger indication of continued business activity. Store buildings are in demand and a number of firms who are compelled to seek new quarters do not know which way to turn. A glance at some of the changes which have come about gives ample proof of the influence which the automobile industry today is having on general business conditions.

GOOD RESULTS WILL JUSTIFY EXPENSE

Senator Kenyon's bill providing a fund of more than \$6,000,000 for teaching Americanism to aliens has received favorable action in the senate. Although the fund runs to such big figures it will not be too high a price to pay if the aliens can be made to understand the ideals of this country and so have the right understanding of the term Americanism. Education is the way to grapple with most of the big problems but there must be other means as well for handling the problem of the radical for the facts of education will come only years hence.

LABOR'S PROGRAM SUBMITTED

Labor's suggestions to the constitutional convention bear directly upon some of the questions included in the various strike situations which have developed in the U. S. in the past few months. If the labor program as outlined is submitted to the people and becomes a part of the basic law, the powers of the courts will be greatly curtailed. It is very probable that some of the suggestions will disappear when the fitting process takes place, as many of the things brot to the attention of the convention are subjects for legislation and not for consideration as part of the constitution.

A FITTING MEMORIAL

Some of the agriculture leaders of the state who are familiar with the great work for agriculture done by the late Dr. Cyril G. Hopkins are planning a memorial organization which will perpetuate and spread the gospel of soil improvement which he preached. The advances made in Illinois agriculture in recent years have been largely due to the principles for maintaining soil fertility that he outlined and espoused.

The influence of the Illinois system is by no means limited to the boundaries of the state and Dr. Hopkins without doubt performed such a service for agriculture that the value of his work will come to a fuller appreciation as the years pass by. The memorial plan will be of benefit to agriculture and so much more appropriate and imposing than a marble shaft or a tablet of bronze.

Rippling Rhymes
By Walt Mason

Our Wandering Boy.

Since nations ceased their throwing fits, their hands in blood imbruing I often think of Eitel Fritz, and wonder what he's doing. They bring me news of old Ex Bill, from o'er the briny willows; he's in the woods; already still, a-whacking elms, and

willows; the sycamore he roundly hits and saws it with emotion; but not a word of Eitel Fritz, comes o'er ocean, Oh Eitel Fritz, in olden times, you made me rather weary; you were enbalm'd in German rhymes and German legends beery. The favorite of men and dames, you spent your lifetime maying, will gleed pursued your giddy games, before the grandstand playing. Of all good bets you were the best, one issue that was vital; and now we hear of all the rest, but not a word of Eitel. The Kronprinz Wilhelm on his ice cuts up some dical capers and now and then, with sickly smile, speaks pieces for the papers. We hear of divers busted dukes, and skates of princely title, and Hindenburg and other flukes, but not a word of Eitel, Oh Eitel Fritz, you giddy boy, once sassy, vain and bossy, does life still seem a round of joy, or is it to-tal lossy?

SHOULD GET TICKETS TO SECURE SPECIAL TRAIN

Boxing fans who want to see the bout at Beardstown next Tuesday evening between Al Baldwin of this city and Jimmy Hanlon of Denver, Colo., should secure their tickets immediately.

These tickets are on sale at C. M. Sharpe's cigar store and the Pacific Hotel. If 100 tickets are sold a special train can be secured to leave here about 6:30 o'clock and returning after the fight.

All those who intend to go should buy tickets at once so that arrangement may be made for the train. The management announces that if the train does not run those who bought tickets can get their money back. All local fight fans should make an effort to go to the home guard at the ringside to encourage him.

Three short farces will be given in entertainment hall at Central Christian church Thursday evening. Admission 50 cents.

Mr. and Mrs. Franz Biernbrauer to Make Future Home in St. Louis—Drainage District Hearing Continued—Other Items From Scott County.

Winchester, Jan. 27.—Mr. and Mrs. Franz Biernbrauer moved by motor truck to St. Louis Tuesday and will make their home in that city. Mr. Biernbrauer has been employed in the tailoring department of Hainsfurther Bros. store for several years, and he and his wife will be greatly missed in the city.

Jean Rowland and family returned Tuesday to their home in St. Louis after a visit here with relatives.

Boone Martin was a business visitor in Jacksonville Tuesday.

The hearing on the Mauvais-terre Creek, Levee and Drainage District was called in the county court here Tuesday before Judge Funk, and hearing continued until February 12.

Miss Dorothy Hainsfurther will leave Wednesday for Cleveland, O., to visit relatives.

Fred Owings, who spent Sunday with his parents here, left Jacksonville Monday for Springfield, where he will assume a position with Bennett & Co., commission firm. He formerly held a position with the same firm in Jacksonville.

Miss Ethel McClure is confined to her home with mumps.

George Metzger had a fine new refrigerator installed in his meat market recently on North Main street.

Charles N. Inman and Miss Cora M. Hoots, daughter of Mr. and Mrs. Lyle Hoots, were married at noon Sunday at the Baptist parsonage. Rev. W. B. Morris was the officiating clergyman.

KNIGHTS OF COLUMBUS SMOTHER WINCHESTER

Local Team Defeats Winchester Independents by Score of 47 to 14—Knights Play Fast Game—Froehlich and Rood Main Pointmakers.

By a score of 47 to 14 the Knights of Columbus basketball team smothered the Winchester Independents at Liberty hall Tuesday evening.

The game was witnessed by a large crowd and much enthusiasm was shown. The players of the Knights of Columbus team appear to be getting into their true form and the men played together well and had deadly accuracy for baskets.

Froehlich perhaps was the star in the offense, though he was given a close run by Rook and Clancy. Rexroat, who usually plays at center was out of the game because of an injury and Clancy filled the position acceptably.

On the defense, Cain was strong and all of the substitutes were given an opportunity. They did excellent work and had no trouble in holding the Winchester players.

Winchester did not prove as strong as was expected. However, they would have had to be exceptionally strong to have stopped the Knights last night. Froehlich was all over the floor and showed the form that made him so feared as a member of the Rood College team a few years ago. Cain proved so strong at guard that the Winchester forwards had little chance to show what they could do. The score: Knights F.G. F.T. T's

POULTRY FANCIERS ARE ENTERTAINED

Mr. and Mrs. James C. Weber Entertain Members of Poultry Association at Their Home—Plans Made for Membership Drive—Will Plan Winter Exhibit.

The members of the Morgan County Poultry Association were entertained at the home of Mr. and Mrs. James C. Weber on West Court Street Monday evening.

The regular monthly business of the Association was transacted with the exception of the selection of officers, this was carried over until the February meeting on account of several members being absent on the account of bad weather and sickness.

After the business was transacted a social hour was spent. Refreshments consisting of hot biscuits, chicken and coffee was served, this was enjoyed by all present.

Plans were made for a membership drive in which the association will try to secure three hundred or more members. Rev. Walter E. Spooner was made chairman of the membership committee and will arrange his plans for this drive in the near future.

At the February meeting plans will be made for a banquet to be held in the early spring, the poultry association banquets were at one time one of the social events of the year. This was discontinued some few years ago on account of the war and the H. C. L.

With the war over and the high cost of living still with us it was thought best to give the banquet if only for the social interest of the association.

As time goes on plans will be made for the winter exhibit and try to give one of the best ever staged in Morgan county. For the past few years the exhibit has been confined to local breeders, but the coming one will be well advertised and the officers of the association will try to have birds on display from all parts of the state.

It is the intention of the officers to secure new cooping of uniform quality and endeavor to give a show that will rank in quality with any in the state. The Rabbit Breeders Association will no doubt affiliate with this exhibition and if they do it is expected that rabbit breeders from many distant points will exhibit with the Morgan county breeders.

NEW MISSIONARY AT SHAO-WU, CHINA

Many will remember with pleasure Rev. Charles L. Storrs, a young missionary to China, and one who has visited the city several times. He writes his friends here that a young son has come to live in his family to be a companion to the little daughter who appeared two years ago. The family will begin a furlough this spring but unfortunately will not be able to visit Jacksonville. Mrs. Storrs' family live in Philadelphia and naturally the greater part of the time will be spent in that city and vicinity. Mr. Storrs has some relatives in the east also while his uncle, Prof. H. E. Storrs, now lives in Los Angeles and will be visited by the missionary family on their way east.

What a Trustee Does

There may be reasons why your Executor should be continued as Trustee under your Will. As Executor, his duty is to CLOSE your estate and wind up your affairs.

But you may not wish your estate parceled outright. You may wish certain heirs to enjoy income only for their lifetime or for a stipulated period. You may wish the estate or certain portions of it managed for the benefit of certain heirs until a given time. You may wish to keep your entire estate intact for the best interests of your heirs. Your Trustee will have continuous charge of such matters as you designate in your Will.

It is obvious that a Trust Company will outlive any continuous trust and equally obvious that an individual may not. This is a matter upon which our Trust Officer can further enlighten you.

A BARGAIN IN PAINT

We have about thirty gallons of discontinued colors of the famous

Horse Shoe Paint

which we will sell at

Less Than Wholesale Cost

During the war, at government request, paint manufacturers discontinued a number of colors. They had been making from 30 to 60 shades of each fundamental color—which was PURE EXTRAVAGANCE and only served to confuse buyers. With the conclusion of the war it was decided not to resume their manufacture. We chance to have about 30 gallons of these discontinued colors in stock. Of some there is enough to paint a whole house—of others a barn, garage or other small building. Both inside and outside colors are included. If you need any paint whatsoever, don't overlook this offering. The price will surely interest you.

No greater service can be rendered by parents to the future development and happiness of the race than by giving closer attention to the physical development of the child in the early years.

If children are sick, weak, or puny, or undeveloped there is a cause and science proves that invariably it is found in the spine. Spinal defects shut off the life forces by pressing the nerves that supply some part of the body. It is this pressure that is the result of disease now and in later years.

Give the Children a Health Chance

Parents should not wait and hope for the child to outgrow spinal defects, but should have the young ones examined by a competent Chiropactor so that the little spines may be made plumb and any malformation corrected. Through

ILLINI LODGE HELD ANNUAL ROLL CALL

Odd Fellows Observed Event at Temple in East State Street—Large Crowd Present and great Interest Shown—Supper Served at 6 O'clock.

Illini Lodge No. 4, I. O. O. F., held its annual roll call in Odd Fellows temple in East State street Tuesday evening. This event is always looked forward to with pleasure by the members and the roll call proved one of the most successful in the history of the lodge.

At 6 o'clock a large number of members sat down to a splendid supper, which included all good things of the season. This was served by the ladies of Eveline Maier Circle Past Noble Grand club No. 1, Rebekah lodge No. 13. The ladies received many compliments for the excellence of the menu.

Following the supper the members adjourned to the lodge room where the regular business session was held. This was made very brief and then the doors were thrown open for the roll call to which members and their friends and families were invited.

Thomas H. Buckthorpe served most acceptably as chairman of the evening. He first called on Rev. J. O. Kirkpatrick, who offered prayer. Various members were called upon during the roll call. Among them was B. R. Upham, who has been a member of the order since 1851 and who is the possessor of one of the veteran jewels for fifty years of membership.

Andrew J. Mourer, Past Grand Patriarch of Illinois of the Encampment branch was present and made a strong address on the principles of Odd Fellowship and the beneficent influence it spreads throughout the world.

During the roll call letters were read from absent members.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

CHAPIN GIRL HAS BIRTHDAY PARTY

Mrs. William Fry Gave Birthday Party for Daughter — Chapin News Notes.

Chapin, Jan. 27.—Mrs. William Fry entertained Saturday afternoon from 2 to 5 in honor of her daughter, Dorothy's tenth birthday. The afternoon was pleasantly spent with games and music. Miss Trixy Bobbitt won the prize in the "Cut up Man" test, a pair of gold beauty pins, the color scheme in the dining room was pink and white, pink ribbons were attached to the chandelier with name cards of a verse of original poetry on the reverse side, composed by Miss Kathryn Fry, sister of Miss Dorothy. The dining room was darkened and the candles lighted on the birthday cake. The guest reverently bowed their heads and repeated the model prayer in concert, after which were bountifully served with ice cream and cake. Dorothy received many pretty and useful gifts. Those present were Louise De Sollar, Helen Omer, Helen Guinane, Kathryn Guinane, Trixy Bobbitt, Eileen Kellogg, Jaunita Rice and Aileen Bobbitt, chaperone; Master George Sterling Taylor, a special guest, was unable to be present. All the little folks joined in wishing Miss Dorothy would have birthday parties often and voted Miss Fry and Kathryn charming hostesses.

Mr. and Mrs. C. H. Taylor arrived home Sunday night from St. Cloud, Fla., where they had gone to spend the winter, were called home to attend the funeral of J. R. Taylor.

An open meeting of the G. O. T. club was held Monday night at the home of Mr. and Mrs. William Fisher. The club members eight of our popular Chapin ladies and their husbands and families make a jolly crowd and all enjoyed the chicken pie and other good things so bountifully supplied. The evening was pleasantly spent with games and music.

HEALTH AUTHORITIES WARN THE PUBLIC TO BEWARE OF EPIDEMIC

Reports Show That Influenza Epidemic is Gaining Headway in Many Sections of the Country.

LAST YEAR'S RECORD BROKEN IN CHICAGO

Persons Weak and Run-down are Easy Victims—Fortify Against Attack by Taking Tanlac.

According to late press reports issued by state and city health authorities, Influenza is again becoming epidemic in many sections, and much alarm is now felt that it may become general over the entire country.

The disease has made its greatest progress in Chicago and vicinity, where thousands of new cases are reported daily. Recently 2,514 cases were reported in Chicago in one day, breaking last year's record when the epidemic was at its height. Reports from other sections are also alarming, and the disease is gaining headway in some sections of Texas, Virginia, the Middle-West, and on the Pacific Coast. It has also appeared in other communities, although it has not as yet reached the epidemic stage.

Owing to the lateness of the season it is not thought possible that the disease can become the great and terrifying scourge that it was last year, when it swept the entire country and claimed its victims by the hundreds of thousands. The danger is too great, however, to take any chances, and everything possible should be done to ward it off.

Medical authorities agree that people who are weak and run-down are the earliest victims of influenza. If you find yourself tired (and nervous), weak, and losing flesh, or if you are in a

generally run-down condition or catch cold easily, this warning should be heeded promptly. You are really in danger if exposed to the disease, because it is generally believed to be very contagious, and you are apt to fall an easy victim if you come in contact with the germs.

People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution. In other words, begin immediately to build up your powers of resistance.

To accomplish this it has been demonstrated that nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic which contains the very elements needed to build up the system and give you fighting strength to ward off the influenza germ.

First of all, Tanlac begins its work by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural function, thus helping to build up health and strength in the natural way.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of influenza, Grippe, and bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac. It is also important that the every-day rules of hygiene be observed, that is, sleep in well-ventilated rooms, get plenty of fresh air and exercise, and keep away from crowds.

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros., and in Alexander by Frank J. Kaiser.—Adv.

ROUTT PLAYS NEW BERLIN HIGH TONIGHT

Local, Will Take On Fast Team From Sangamon County—Visitors Recently Defeated Franklin and Auburn.

Route high will have the fast New Berlin high team for an opponent at Liberty hall tonight. The game will start promptly at 7:30 o'clock in order to allow the visitors to catch the train over the Wahash for home.

The New Berlin team is said to be a strong one this year and has recently won several games from good teams. Among its victims are Franklin and Auburn. Coach Conlin's men have been going good the last few games and hope to be on the long end of the score. The men are in good condition which is something new for some player has been out of the lineup on account of sickness in the last few weeks which handicapped the team play.

Route had a game booked with Beardstown for Friday night but the team disbanded. An endeavor is being made to get Versailles here for that date. Route journeys to White Hall to play White Hall high Saturday night.

SCHOOL BOARD HELD SPECIAL MEETING

Discussed Contract With English Brothers, Contractors For New Building—Will Build Connecting Corridors—Other Matters Given Attention.

The board of education met in called session last evening and transacted some very important business. The president and secretary had been instructed to sign the contract with Messrs. English Brothers, contractors, and the president wanted to be sure that the document read in accordance with the views of the board and the call was for that purpose and for the transaction of any other business that might come before the body.

The contract was discussed; several new teachers were employed; brick were chosen for the new building; and then, after much discussion it was decided to add the corridors between the new building and the David Prince at an additional cost of \$19,000.

The Proceedings.

The board met in called session with all present except Member Duncan and Parker. Member Duncan coming in later; President Lippincott in the chair.

The chair stated that he and the secretary had been instructed to sign the contract with the Messrs. English Brothers, contractors, for the erection of the new high school building and they wished to be sure that it was in accordance with the ideas of the board and accordingly the secretary was instructed to read it which she did and considerable discussion followed. The specifications provided that the building should be completed by January 1, 1921, but the contract read "substantially completed" and the word substantially was ordered omitted. The contract provided that the plans and specifications were a part of the contract the same as if repeated in it and a number of references to the specifications were eliminated as superfluous.

The cost of excavating and extra concrete foundation and of fire escape were ordered inserted in the contract and the secretary was instructed to return the same to Mr. Royer, the architect, to fix properly and have here by Monday at regular meeting.

The secretary wrote the gentlemen Sunday afternoon to be here last night but he failed to get the letter till yesterday afternoon when he sent a wire so stating and saying it would then be impossible for him to get here. The matter of accident insurance of employees holding the city harmless in case of accident to any according to the state law was brought up and such contract with the Messrs. English and Mr. Gause were ordered properly prepared and signed.

Teachers' Committee Reports. A report on new teachers was as follows and it was unanimously adopted.

The Committee on Teachers and Superintendent wish to report as follows:

Acting upon authority granted by Board of Education at a recent meeting, Miss Laura Ethel Lloyd has been appointed teacher in the David Prince building to take the place made vacant by the resignation of Miss Alice Gunn. Her salary to be the same as that of Miss Gunn.

Recommend the appointment of Mrs. Wilhelmina Cheek as teacher in Grade Four at Lafayette School. This is in confirmation of a temporary appointment made by the Superintendent to fill the vacancy caused by the sickness of Miss Hamilton. Her salary to be fixed at \$85.00.

The appointment of Miss Barbara Hart as teacher in the Franklin School to take the place of Mrs. Maude Brown Sevier, who has resigned her position to take effect February 1st. Her salary to be \$85.00. We also, recommend the acceptance of the resignation of Mrs. Sevier.

The secretary read a letter she had written Architect Royer regarding a number of matters, among them his claim for the sum of \$8,289 due him as architect when the contract was signed. It was decided to ask him to make the needed alterations in the contract according to the action of the board and then his money would be forthcoming when the contract was signed.

To Build Connecting Corridors.

Then came the tug of war, the connecting corridors between the new building and the David Prince. It was remarked that last summer the Messrs. English Brothers had made a difference of \$22,000 for their omission but making a guess, probably, that the corridors would be omitted they had deducted only \$19,000, this three though material had advanced in all respects and cost of building generally. A number present thought it well to add the corridors while they were about it as it could be much more expensive to put them in at a later date. After much discussion it was finally decided to have the corridors. Member Rapp alone opposing.

Supt. Peerrin said he had an opportunity to buy a large quantity of lavatory supplies. It was suggested that his purchase of such material in the past had effected a good saving and he was instructed to buy even a little more than he had recommended.

Several samples of brick were submitted from various places, Decatur, Springfield and others. The board was advised that the Springfield people could supply Posten No. 29 as per sample by July first after which time no price would be made. The board has to pay all cost in excess of \$24.00 a thousand. The samples shown were mainly quite satisfactory and were adopted subject to Architect Royer's approval.

Adjourned.

M. S. Zachary helped represent Alexander in the city yesterday.

MANCHESTER INFANT FOUND DEAD IN BED

Jury Fail, to Reach Agreement as to Cause of Death of Infant of Mr. and Mrs. Ira Stone.

Manchester, Jan. 27.—The jury which was empaneled to inquire into the cause of the death of the month old infant of Mr. and Mrs. Ira Stone of Manchester failed to reach an agreement Tuesday, and returned an open verdict. The child was found dead in bed Monday morning when the parents, awoke, death having apparently taken place several hours earlier. The parents testified that the child was apparently in good health the previous evening and no reason could be assigned for the death.

The investigation was conducted by Coroner Thomas Webster of Winchester and the jury included C. D. Chapman, foreman; George Summers, Charles Brown, Carey Simmons, R. C. Curtig and Charles Brown.

COLLEGE OF MUSIC NOTES

The many friends of Miss Louise Miller will be glad to know that she is expected in Jacksonville Wednesday evening, January the 28th. Miss Miller was planning to reach the college on Monday or Tuesday, but was delayed because of the many details which had to be arranged before she could get away from her work in St. Joseph, Missouri. Miss Miller expects to bring her own Steinway Grand piano with her for use in her voice studio.

Director Pearson is now working on plans for an addition to the Pipe Organ in the Concert Hall. The arrangement of the present Pipe Organ makes possible an Echo Organ. This would be a wonderful addition to the music equipment of the college.

The improvements contemplate among other things, the changing over from the pneumatic touch to the electric at the key board. After the plans are all worked out, and estimates of costs are received, he expects to find friends who will provide the necessary money to make this additional improvement.

Mr. Pearson said in a recent interview, "the music lovers of Jacksonville who miss hearing Joseph Bonnet, the celebrated French Organ virtuoso, will have cause for genuine regret." Monsieur Bonnet is positively the world's greatest organist, and the sensation of the organ world.

Miss Helen Ayres sang most beautifully the solo, "Rest in the Lord," at the Sunday morning service at Centenary church.

A group of students expect to furnish the music at the Christian church in Woodson next Sunday, February 1. The names of those who will take part will be published later in the announcement of the Woodson Church.

Harmony Lodge No. 2 A. F. & A. M. will hold a special meeting this evening at 7:30 o'clock. Work. Visiting Brethren welcome.

—At a time when sales of odds and ends, out-of-season styles are rampant, let us emphasize the fact that these Blouses are NEW; refreshingly new, that they were but recently designed and made up especially for us and for the other good stores in other cities who, too, have arranged for their exclusive sale. None of these styles have been shown here or elsewhere before.

—These Blouses are savingly priced and the savings are really substantial simply because of the fact that the materials were bought months ago at much less than the prevailing price, and they were made in a manner that effects very large economies. If we were obliged to buy these Blouses in the open market it would be necessary to sell them at considerably higher price.

WS-11 is of Georgette Crepe, with pretty lace collar, and with fine tucks trimming front and cuffs. WS-14 is a tailored Georgette model with front pleasingly trimmed with numerous fine tucks and rows of hemstitching.

—The sale of these new Waists at this price at this time gives added evidence of the fact, that despite market conditions there is always a saving on the Blouses bought here.

WHITE HALL RESIDENT DIES IN SPRINGFIELD

Mrs. W. A. Johnson Passes Away in Springfield Hospital—Last White Hall Soldier Boy Arrives from France—Other News Items.

White Hall, Jan. 27.—(Special to Journal.)—The death of Mrs. W. A. Johnson occurred in the Springfield hospital at 12:30 a. m. Sunday, aged about 69 years. She went to the hospital about two months ago, and six weeks ago underwent an operation for cancer. For the past two weeks her condition has been regarded as hopeless, and the end did not come wholly unexpectedly. Her husband has been with her at the hospital all the time. Immediately after the death Mr. Johnson summoned C. A. Ruckel and Undertaker J. H. Fox to Springfield, going to Godfrey by auto and up the main line of the C. & A., on account of the curtailment of the train service hereabouts by the new time card that went into effect at midnight.

Mrs. Johnson was at native of Alton, her maiden name being Mary Lowe, and she has two brothers residing in Alton and one brother in Kansas City. She and Mr. Johnson resided in Carrollton for several years following their marriage, coming to White Hall about twenty one years ago, when Mr. Johnson and Frank Frech became owners of the White Hall mill and elevators which business they built up to large proportions. The firm sold to A. J. Barnett about six years ago, and since then Mr. Johnson has given his attention to private interests.

The remains were brought to White Hall Sunday night. Funeral services were held at two o'clock this afternoon at the Presbyterian church, conducted by the Rev. A. F. Ewert and the Duncan sisters. The interment was made in the White Hall cemetery.

Mr. and Mrs. Johnson are both widely known, and they stand high in the community. They have no children.

Capt. Pittman Concludes Visit.
Capt. and Mrs. H. A. Pittman have concluded their visit at the home of the captain's sister, Mrs. A. M. Nevius, and departed for San Antonio, Texas, where he has property interests. Capt. Pittman is a native of White Hall, and had a splendid visit with boyhood friends. He was located at Fort Sam Houston during the greater part of the war, and in September, 1918, was transferred to Camp Lee, Virginia, as finance officer. During this period he disbursed the sum of \$60,000, and from November 11 to

December 31 last Camp Lee discharged more men than any other camp in the United States, the total being 32,000. He is now transferring to the staff of Major General Harbord, commanding general of the second division at Camp Travis, Texas, and will have charge of all financial activities pertaining to the mobile division. A news note from Petersburg, Va., records the departure of Capt. and Mrs. Pittman from Camp Lee, and adds: "They have made many friends since being connected with the camp here, who will regret their leaving. Few men have made more friends than Captain Pittman. He is well liked not only by those associated with him at Camp Lee, but he numbers his friends by the score in Petersburg. Mr. and Mrs. Pittman will be missed socially."

Last White Hall Soldier Boy Lands.

Robert Shaw wired from New York Saturday that he had landed early that morning, following a rather eventful voyage because of going to the rescue of the Powhatan. Shaw is the last of the White Hall boys to return home from service in the world war. He has served since February, 1918, being with the last American contingent to sail for France. He was on duty at Tours until November 12, 1918, thence to London until January 9, 1919, and back to Tours until August 1st last, when he was assigned to Pershing's headquarters staff as field clerk. He has had three promotions, but his official distinction is in doubt on account of awards and promotions being held up following the armistice. His only furlough was from July 12 to 20 last, when he visited the British Isles. He spent a week in Germany on official business. He sailed for home January 11th, on the dissolution of the general headquarters staff.

Recognition has come to two White Hall soldier boys who were badly injured under fire. Dean Raines gets \$135 per month and Charles Armstrong \$100 per month, both receiving substantial checks as back pay.

Jacksonville Defeats White Hall.

In a game of basket ball in the David Prince gymnasium in Jacksonville Saturday night, the White Hall high school went down to defeat before the Jacksonville high by the score of 27 to 9. On the previous evening at White Hall the team from Pearl was defeated 30 to 14. White Hall recently won a game from Carrollton 51 to 7, but has lost to Pittsfield and Griggsville Saturday night. Waverly defeated Winchester 27 to 7.

Takes Crack at White Hall.

The recent meeting to organize a local club of the Mississippi Valley Highway interested about half a dozen citizens to the extent of being present, and little has since been accomplished in the matter of organizing about which Secretary H. C. Wilbitt writes from Alton as follows: "I am delighted with the prospects of our great highway, and I sure would be delighted with any help I could get from White Hall. Please help Messrs. Adams and Guy Lowenstein, the men who spent their time and efforts in coming there on a mission of boosting the city, and then be treated in an indifferent manner by those who should have been on the job. I feel sorry for Guy. Please boost things up and make White Hall come clean."

A GOOD SUGGESTION

Jacksonville, Ill., Jan. 27, '20. Editor Journal:—I have been interested in the different names that have been suggested for our new lake in the daily papers. That in commemoration of the greatest feat the citizens of Jacksonville have ever done, (that of unionism). They have tried several times to solve the water question, divided and failed each time. And the old saying, united we stand, divided we fall or fail, has been too true in this case. It was Union Army of the North that made the United States; it was the Union of the people with the principles of Unionism for the city to organize. With a history breaking record, a charter membership of six out of every seven votes cast—"Union Lake" seems to me as most historic and appropriate. It is on the Union of the Mauvais-terre South fork. It is the Union of Morgan Lake. It will be a Union Fish Lake. It will be a United Peoples Lake and above all it will be the greatest and most sacred American name. Let us live up to this Charter and call it "Union Lake."

WORD FROM MRS. DANKIN

Mrs. Lillian Dankin who is in Sioux Falls, South Dakota, in the interests of Governor Lowden's candidacy for the presidential chair, writes a friend that she thinks the outlook for the model governor of Illinois very good. She especially emphasizes the fact that the people seem to be for him as they discern his business ways and eminent ability.

REUNION AT THE CLARKSON HOME

A pleasant family reunion is being enjoyed at the family home of W. T. Clarkson on West College avenue. Mr. Clarkson's mother has come for a somewhat extended visit and a day or two since a brother, Walter, arrived from the west. The brothers had not met for eighteen years and needless to say were truly rejoiced to see each other and their mother.

DAVIS SWITCH

Many in this neighborhood were shocked Saturday to learn of the death of Mrs. Alexander Currier, who passed away suddenly at her home in the Buckhorn neighborhood. The members of the family have the sympathy of their many friends in this their hour of sorrow.

Beautiful toiler, thy work all done,
Beautiful soul into glory gone;
Beautiful life with its crown now won.

God giveth thee rest,
Mrs. Samuel Kierl, formerly residing north of Woodson, died Sunday afternoon. The deceased had been a great sufferer for several months and the end was not unexpected.

Miss Catherine Cain is now able to be around the house after being confined to her bed for several days by illness. Her many friends will be glad to know of the improvement in her health.

NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.—Adv.

Clover Seed

We all know the big benefit the soil derives from clover. We also know the great amount of wasted effort in fighting different conditions, trying to obtain a stand. Why should we waste our seed and time, when it is unnecessary? Who can tell, but we are safe in saying 25 per cent of clover seed sown in our county is wasted. It is our desire to help our farmers to stop this waste, we profit by their benefit, this is our "Reason."

The Alfalfa and Grass Seed Drill successfully overcomes the expensive and uncertain results obtained from broadcasting Clover, Alfalfa and other small grass seeds. In broadcasting these costly seeds there is a great waste, it is uncertain as to results, the seed is sown more or less uneven, is blown in patches by the wind, washed by rains, leaving it too thick or too thin in places, part is covered too deeply, part not deep enough, and much left on top of the ground is picked up by the birds. Therefore, many times more seed is required than necessary if all seed were put in the ground and covered uniform depth.

Call in and See This Drill

This drill sows the exact quantity desired. Not necessary to sow more good seed than actually required for a good stand of grasses. The seed is sown in rows 4 inches apart, conceded to be the proper width for Clover and grasses, because it produces the largest yield. All the seed is put IN the ground, not on top, deposited and covered uniform depth without waste. Even sowing means even growing. It makes a perfect seed bed, saves costly seed, insures against total failure, and increases the yield. Every tiny seed has a chance to germinate and produce a sturdy, vigorous, deep-rooted plant.

There are 18,000 Red Clover Seeds in an ounce or 288,000 to a pound. Fifteen thousand Alfalfa Seeds in an ounce or 240,000 to a pound. We have 43,560 square feet in an acre which means an average of 6 1/2 Red Clover Seeds and 5 1/2 Alfalfa Seeds to a square foot for every pound of seed sown. In the quantities usually broadcasted an average of 66 Red Clover Seeds and often 125 Alfalfa Seeds are deposited upon each square foot of ground, many times the number of plants the ground can support.

How much expensive seed do you waste in broadcasting? Drill the Clover Seed in winter wheat with the Alfalfa and Grass Seed Drill. Do not mud it in. Wait until the ground is right. This Drill will put the seed down in the moist earth where it germinates quickly and grows rapidly. The disks are set at a slight angle to give easy penetration. They cultivate the growing wheat without tearing up or injuring the plants, put new life and vigor into the growing plants, increasing the yield from three to five bushels per acre.

The association of such well-known producers as Otis Skinner, Henry Miller, Daniel Frohman and Florenz Ziegfeld, Jr., is one of the surprising facts which greet one in seeing the latest of the Stage Women's War Relief pictures, "Tom's Little Star," playing Thursday at the Majestic theatre. Artistic jealousy among actors is well known and if the late unpleasantness in regard to the Actor's Equity is any criterion it extends to the producing fraternity as well. The Stage Women's War Relief is the only organization which could have brought rival actors and rival managers together in such bonds of unity as appear in "Tom's Little Star."

Miller's Antiseptic Oil, Known as SNAKE OIL
Positively Relieves Pain in Few Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at Armstrong & Armstrong Drug Stores.—Adv.

Why Go to a Surgical Hospital?

Sensible Conclusion—

If your eye fails—you go to an oculist. If you have appendicitis—you call a
surgeon—because they know best and can give you the best results. Likewise a
surgical hospital is especially fitted and equipped for surgical work.

A Partial Record of This Hospital—

Out of 2710 cases only 24 deaths—less than one per hundred. Out of one

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Dun's Hens Increased Every Day.
Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Dun, Box 102, Cherry Valley, Pa.

Don Sung started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply let us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug-gist or poultry remedy dealer or 50 cents for a package by mail pre-paid. Burrell Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

C. M. Skinner made a business trip to St. Louis Monday.

W. J. Hale was confined to his home Monday on account of illness.

Clarke Senters and family spent Sunday at Orleans.

Mr. and Mrs. Milford Rees and baby are ill with the flu.

Wm. Oxley returned Monday from a stay of three weeks at Passavant Hospital.

Last Wednesday evening the men about Rees gave a banquet with money derived from a rabbit hunt during the holidays. A very enjoyable evening was spent together.

Mr. and Mrs. August Walters and Mrs. Grace McDevitt of Jacksonville, spent Thursday in this neighborhood.

There were no services at Durbin church Sunday on account of the coat of ice that prevents travel.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, the way it takes hold of a place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar, usually in 24 hours or less, it desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "25¢ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.
